

GITAM Deemed to be University

GITAM University prioritise purchase of food products from local suppliers. GITAM has a philosophy of 'Farm to Kitchen'. The ingredients for the preparation of food generally have very less shelf life and for making healthy items, they need to be fresh and within a limited time they need to reach the kitchen. They prefer to purchase them from sustainable sources.

GITAM ensures that all its suppliers follow and adhere to the sustainable practices and standard procedures. All our vendors/suppliers have licenses and certifications from the Andhra Pradesh government's Food Safety and Standards Authority of India. They adhere to all sustainable guidelines.

Most of them are local residents / local people.

Along with that it also maintains the standard procedures for its operations and all its food preparations kitchen are certified with regular inspections.

GITAM also has its own in – house Organic farm where the fruits and vegetables cultivated are used in their food preparations and served as fresh to the students and faculty.
