Pro Vice-Chancellor Medical Sciences,
GITAM Deemed to be University.

👉 National Collaboration

➤ Collaboration with Central Government: # SDG 3

GITAM Hospital established Tobacco Cessation Centre (TCC) in collaboration with National Medical Council as a part of National Tobacco Control Programme. TCC functions at the department of Psychiatry at GIMSR Hospital with an aim to tackle the rising concerns of tobacco abuse, especially among youth. The Centre was virtually inaugurated by Shri Jagat Prakash Nadda, Hon'ble Union Minister of Health and Family welfare, Government of India.

The new centre will focus on awareness, prevention and rehabilitation, addressing the critical health risks posed by tobacco use. Through a comprehensive approach, GIMSR TCC aims to educate and support individuals on their journey toward a tobacco-free life, ensuring better public health outcomes for all.

📍 **Local Health Institutions**

➤ **MOU with M/s Botanic Health Care pvt. Ltd.: #SDG 3**

In September 2023 GITAM entered into an MOU with the Botanical Health Care limited for jointly developing sustainable natural products for health care. The GITAM School of Pharmacy is actively doing research in developing natural products and publishes its findings. The intellectual property created and developed during this collaboration shall be jointly owned by both the parties unless or otherwise agreed in writing.

➤ **Collaboration with Dr. Reddy's Laboratories Pvt. Ltd.:**

DR. REDDY'S LABORATORIES LIMITED, a leading multinational pharmaceutical company based in India and overseas, committed to providing affordable and innovative medicines for patients around the world. Hence, It approached GITAM University and entered into an MOU. GITAM would provide the 'Induction programmes for the employees and organizes full-time courses for the selected batch of employees' of Dr. Reddy's Laboratories on "Pharma Process Technology".

➤ **Collaboration with L V Prasad Eye Institute:**

The L V Prasad Eye Institute (LVPEI) is an eye-care network, established in 1987, a non-profit, multi-campus, non-governmental institution. It is one of the largest eye care network in the world with more than 200 eye-care centres in India. GITAM Deemed to be University entered into an MOU with The L V Prasad Eye Institute (LVPEI) to carryout joint educational and training programmes in the area of optometry and vision sciences.

➤ **Collaboration with Abhinav Bindra Foundation Trust:**

The Abhinav Bindra Foundation (ABFT) is a non-profit organisation that has dedicated itself to sporting excellence. To ensure that the Global Best Practices are made available to all, the foundation identifies ways to educate, inspire, and help the Indian sporting eco-system. Founded by India's first Olympic Gold Medalist Abhinav Bindra, the foundation's primary focus is towards sport science and its implementation in India, with the intention to ensure Intervention, Education, and Social Upliftment through sport. GITAM Deemed to be University entered into an MOU with The Abhinav Bindra Foundation which will provide technical expertise to develop a 2-4 hours module on Olympism as part of a credit course on Sports. ABFT will also support delivery of the Olympism module.

➤ **Collaboration with Pfizer Healthcare India**

Pfizer Healthcare India Private Limited (PHIPL) involved in manufacturing, fabricating, or processing of drugs in pharmaceutical preparations for human or veterinary use. It funds programs that provide public benefit, advance medical care and improve patient outcomes. GITAM Deemed to be University entered into an MOU with Pfizer Healthcare India Private Limited to vocational employability to its student trainees under "Learn while you earn" model. Pfizer encourage it's student trainees to undertake Vocational courses like Pharma Operations and others to enhance their knowledge, skills and employability and sponsors the Bachelors of Science in Chemistry Programme.

➤ **National Collaboration in National Health programs:**

GIMSR Though a Private Medical College, it has collaborated with implementation of labs for supporting National Health Programs like National Tuberculosis Elimination Program (NTEP) and integrated counselling and Testing center for comprehensive care of HIV patients NACO.
