

GITAM Deemed to be University

☞ Being a socially responsible and sustainable practices embraced institute, the modes of commutation of the students and staff members have been carefully studied by the Directorate of Security.

- ✓ GITAM set Targets for promoting sustainable commuting to reduce the pollution with in the campus as well in the society.
- ✓ GITAM students and staff members are encouraged to avail the public transport facilities, by entering into an MOUs with the Andhra Pradesh State Road Transport Corporation, Telangana State Road Transport Corporation, and Karnataka State Road Transport Corporation to have special busses for the GITAM staff and students.
- ✓ Carpooling is encouraged, which gained momentum and wide spread since the COVID pandemic.

☞ GITAM Sets targets for reaching its goal of promoting sustainable commuting.

- ✓ to utilize the public transport facility for 60% of GITAM commutation requirements,
- ✓ 20% carpooling,
- ✓ 10% green vehicles and
- ✓ another 10% through cycling & other non-motorized transport.

☞ Facilities

- ✓ Inside the campus, exclusive path ways are earmarked for Pedestrian and Cycling. Since, the student population and staff population are little high in this institute, conscious efforts have been made to reach the above mentioned targets as the carbon quota for this University is expected to be maintained at an appreciable level. It is also ensured that, more than 75% of the day scholars have utilized the public transport facility.
