

GITAM Deemed to be University

As a part of wide spread sustainable practices adopted by GITAM University, the commutation by individual vehicles are largely discouraged. In addition, this institute has not added to the environmental pollution by adding institute vehicles for the commutation of staff and students.

- ✓ Instead, GITAM employs exclusive public transport facilities (agreement with the Andhra Pradesh State Road Transport Corporation) for the commutation of the employees and students. This has been a success model followed in all the campuses of GITAM viz., Visakhapatnam, Hyderabad and Bengaluru.
- ✓ In addition, GITAM is promoting the usage of Green Vehicles/Electric Vehicles. As a part of this promotion scheme, free charging stations are provided exclusively for the users of electric vehicles.
- ✓ Many students from the nearby rural and agency (tribal) areas are getting admission into the GITAM University which is on an increasing trend. Accordingly, the demand for special busses from the nearby villages is increasing.
- ✓ GITAM is negotiating with the public transport authorities and making arrangements to have special busses for the GITAM students in these routes.
- ✓ Number of routes number of services are increasing year by year.
